38 Head
Including 20 Cows, 5 Bulls, and 13 Heifers

They are a choice lot and know their business. Part of these cows have been milking all winter and will freshen this fall, and part of them are fresh. Some of them are giving from 40 to 50 pounds of milk per day at the present time. They are good individuals with good breeding. Three of the foundation cows were sired by Rooda DeKor of Pine Grove, N. S. 26260; three descended from Fluela Mechilde, butter 7 days, 35 lbs., when 11 years old, one grand daughter of Rag Apple Korndyke 8th just fresh. These cows are nearly all with calf by a good son of Rag Apple Korndyke 8th, namely, Korndyke Rag Apple Duke, No. 107104, that heads the herd. This bull is a picture of his sire, "The greatest bull in the world," and is proving to be a strong sire.

His calves all have a straight top line, wide loin, wide spread of chest, long hip, and large, deep barrel, the real dairy type. There is a resemblance of vigor and strong constitution among his daughters.

The dam of this sire is a granddaughter of Pontiac Korndyke and she made over 21 lbs. of butter in 7 days, giving 80 lbs. of milk per day on silage that had been frozen and without alfalfa or sugar beets. She was also thin in flesh when she freshened. She has just been purchased by Mr. Fairbanks of Massachusetts, who is certain that she will make a 30-lb. record.

Remember the herd sire, Korndyke Rag Apple Duke, has a sister that is the butter champion 3-year-old, 42.41 lbs. butter in 7 days, and another sister with a 7-day record of 44 lbs., she being the youngest 30-lb. cow in the world. He also has 7 sisters with records above 30 lbs. in 7 days. His sire sold at public auction last month to Robert Pointer, Detroit, Mich., for \$125,000. Another brother, King Ormsby Jane Rag Apple, sold for \$53,200 to D. W. Field, Brockton, Mass., another was sold to T. J. Shanahan, East Aurora, N. Y., for \$35,000, and one A. W. Green, Middlefield, Ohio, paid \$20,000 for one and \$60,000 for another. Fifty-seven of his brothers have sold for \$20,000, an average of \$4,100. A calf from this sire is sure to be a money-maker and you can buy them at this sale at your own price.

Four head consigned by L. H. Anderson, West Glover, Vt. One is a bull that is out of an 18-lb. 2-year-old, and a grandson of King Korndyke Sadie Vale. His 14 nearest dams average butter 7 days, 28.14 lbs.

Remember the time and place—Tuesday, June 10, at 1 p. m., at the Perkins farm, Hardwick, Vt.

Dinner served to those coming from a distance. Buyers met at the train if they will notify us.

Governor Clement has received the following letter from the secretary of the navy, which is self-explanatory:

Sir: There are on hand at the navy yard, Washington, D. C., 1,311 memorial tablets made from metal recovered from the wreck of the old battleship "Maine," together with one ventilator, two deck plates and three powder tanks.

These tablets and the material mentioned are to be disposed of in accordance with the acts of Aug. 22, 1912, which is quoted as follows:

"The secretaries of war and navy are authorized to cause to be made from any parts of the wreck of the Maine or its equipment that are suitable for the purpose, tablets for donation as relics in conformity with the provisions of the act of Dec. 22, 1911, making appropriations to supply urgent deficiencies, provided, that the cost of such tablets may be charged against any unexpended balances of appropriations heretofore made for the removal of the wreck of the Maine and that the municipalities and other bodies receiving such tablets shall defray the cost thereof, which cost shall be reimbursed to the proper appropriation."

The act of Dec. 22, 1911, specifies that the following are entitled to parts of the Maine or its equipment:

Municipalities.
Military or naval associations or societies; and the former officers and crew of the Maine or their heirs or representatives.

The estimated cost of the tablets is about \$8, plus the freight and express charges from Washington to destination.
